

Fairburn Park & Ride Fact Sheet

Overview

The City of Fairburn in partnership with the South Fulton Community Improvement District (CID) have created a 200-space park and ride lot for carpool and vanpool commuters. Located in Fairburn on the southeast side of SR 74, off of exit 61, the park and ride is situated to help alleviate traffic at peak hours along the major artery that connects commuters across several southwestern cities with Atlanta.

Location

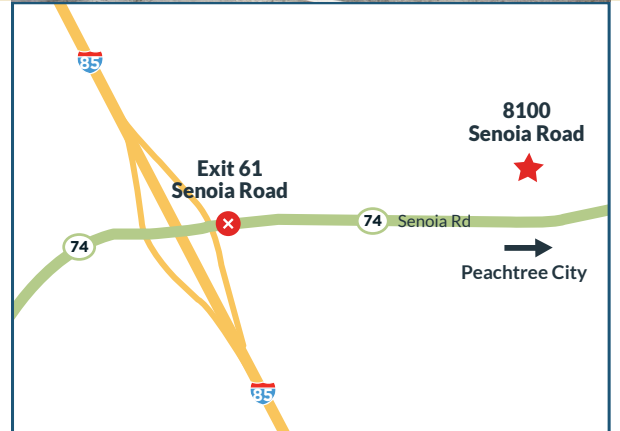

8100 Senoia Road, Fairburn, GA 30213

Amenities

- Electric vehicle charging stations
- Reserved handicap parking spaces
- Convenient location to SR 74/I-85 interchange
- Plans for future bus amenities

Project Details

The park and ride was led by the City of Fairburn in partnership with the South Fulton CID. The project activated local jurisdictions, businesses, and the South Fulton CID to develop the park and ride in advance of the I-85 and SR 74 interchange reconstruction scheduled to begin in 2022. The park and ride is designed to relieve an uptick in congestion anticipated to occur while the reconstruction of the interchange takes place.

QUICK STATS

- The City of Fairburn and the South Fulton CID made a **\$1.47 million investment** in the park and ride
- It can service up to **200 carpools and vanpools** a day
- Located **less than a mile** from the busy SR 74/I-85 interchange
